

EVERY MAN, WOMAN AND CHILD ASKED TO ASSIST

Belgian Badge Day Committee Announces List of Stations for Wednesday.

GIVES OPPORTUNITY TO ALL Committee Working in Full Harmony With State-Wide Movement to Send Shipload of Provisions and Supplies From Virginia.

"Let every man, woman and child in Richmond wear a badge on Wednesday as a token of sympathy for the people of Belgium." This is the day set aside by the committee of women who have Mayor Ainslie's permission to call it "Belgian Badge Day." The badge will be a small piece of paper, the size of a postage stamp, and will be on sale at the various stores. "If there is anything in kindly thoughts," said one of the members, "think of the wave of good fellowship that will reach those poor, homeless people, not to mention the good that the money will do."

This movement runs right along with the general movement to send a shipload of supplies to the Belgians. But it will reach persons who, however well intentioned, might not otherwise make a contribution. The business of coming from this office will drop a small gift in the box as he waits for the car; the business girls going to and from their places of employment, the "widows' mite," the children, the neighbors, seem but little in the eyes of the donors, but these are the contributions that the Badge Day Committee seeks.

Mrs. Frank Deane Williams, chairman, Mrs. Andrew Gray, one of her aides, in speaking of the generous assistance they have received in the movement and the splendid co-operation of Richmond women, said yesterday that it was wonderful how every one felt about it and were giving services, time and money to put it through. The "boxes" were distributed throughout the city yesterday. Everything is now ready, regardless of weather conditions, for a big harvest the day before Thanksgiving.

GUSTAVUS WHITELY SENDS OFFER OF SHIP

Following is the letter received by Mr. Nolting from Gustavus Whitely:

"My Dear Mr. Nolting—I have your letter of November 19th, and shall take pleasure in endeavoring to arrange the free ship from Virginia. I would suggest that the Virginia committee secure some terminal storage facilities at Norfolk for the collection of the contributions. You can probably obtain these facilities without cost from some storage warehouses on the waterfront. If you have any difficulty about this please let me know.

progress made in collecting the cargo, and when it is about ready we shall try to have the ship ready for you.

"I may add that if your cargo reaches a stage where it is nearly complete, and you find difficulty in finally completing it, the central committee will do what it can to help finish it. If we have any funds available for the purpose at the time.

"The Belgian consul at Norfolk has already formed a committee, and the Belgian legation will ask his committee to co-operate fully with the Virginia committee. The minister asked me to say to you, in reply to your inquiry, that he fully approves your co-operation with Colonel Boykin's committee.

Very sincerely yours,

(Signed) J. GUSTAVUS WHITELY.

"P. S.—The Chesapeake and Ohio and most of the railroads have granted free transportation to various points on the seaboard. I assume you will have no difficulty in obtaining such free transportation to Norfolk. If you have any trouble about it, please advise me.

LONDON OFFERS USE OF VESSEL

The offer of Lindon W. Bates, vice-chairman of the London central committee, to furnish a ship was conveyed in the following letter:

"We are pleased to know that your commission is making such excellent progress in providing a cargo to be forwarded from the port of Norfolk, and we also note that the railroads of the State are all giving you free transportation to that port.

"In the event of your securing a full cargo, we will undoubtedly be able to provide a ship to sail from Norfolk. We would, however, ask you to keep us fully advised as to the progress you are making and approximate time when you will be in the position to load a steamer.

"We are advising our chairman, Mr. Hoover, in London, by cable of your expectations, and as the commission in London is arranging for shipping accommodations, we will communicate with you further upon advice from him.

"We very much appreciate your efforts, and gladly place ourselves at your disposal to give you any assistance in our power."

MURDERER IS AMONG CONVICTS WHO ESCAPE

(Special to The Times-Dispatch.) RALEIGH, N. C., November 22.—Warden T. P. Sales of the penitentiary, said to-night that no trace of Earl Cotton and his fellow-convicts, who escaped last night from the State farm in Halifax, has yet been found. Cotton is a son of late Dr. Cotton, of this city, and is serving a thirty-year sentence for the robbery and murder of a Richmond traveling man. The others who escaped last night are J. B. MacCall, Henry Able, George Ryan, Linnie Houck and Ernest Sills.

Careless Driving

Sam Ruffin, colored, was yesterday afternoon arrested by Motorcycle Policemen Samuels on a charge of being disorderly and carelessly driving a team through the city streets.

What Does Your Mirror Say to You

If Your Face Is Not Fair You Are Not Fair to Your Face. Use Stuart's Calcium Water and Banish Pimples, etc.

Before beauty can ever be realized it must have a complexion that adds to its luster, that makes a magnificent face contour radiate an artistic color. The charm of all beauty rests chiefly in the clear skin, the pure red blood, the soft cream-like complexion.

"It is an Exquisite Joy to Look in My Mirror Now—Stuart's Calcium Water Gave Me Back My Clear Complexion."

Stuart's Calcium Water acts directly upon the sweat glands of the skin, since their mission is to stimulate the excretory ducts. They do not create perspiration, but cause the skin to breathe out vigorously, thus transforming perspiration into a gaseous vapor. The calcium sulphide of which these waters are composed consumes the germ poisons in the sweat glands and hence the blood makes a new, smooth skin in a surprisingly short time.

You will never be ashamed to look at yourself in a mirror, once you use Stuart's Calcium Water. Nor will your friends give you that hinting look, as much as to say, "for goodness sake, get rid of those pimples."

There is no longer any excuse for any one to have a face disfigured with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Water at any drug store and use them according to directions. After a few days you will hardly recognize yourself in the mirror. The chance will delight you immensely. All blemishes will disappear. All druggists sell Stuart's Calcium Water at 50 cents a box. A small sample package mailed free by addressing F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.—Advertisement.

ECHO OF BANK FAILURE IN APPELLATE COURT

Indorser of Note for Foster Motor Car Company Claims Dividend.

BANK RECEIVERS MAKE CONTEST December 9 Set for Hearing Case of West Virginia Against Adams Express Company, Involving Shipments of Liquor on Mail Orders.

An echo of the Commonwealth Bank failure will be heard to-morrow in the United Circuit Court of Appeals, which will take up a petition to superintend and revise, in matters of law, proceedings of the lower court in approving the findings of the referee in bankruptcy named to settle the estate of the Foster Motor Car Company, Inc., which was indebted to the bank when its doors closed. The referee decided in favor of the bank receivers, who are named as defendants in the pending suit.

Prior to the bankruptcy of the Foster Motor Car Company and to the appointment of receivers for the Commonwealth Bank, the motor company was indebted to the bank, and as collateral security for the indebtedness, the bank held two notes for \$5,000 each, drawn by the Foster Motor Car Company and indorsed by L. M. Foster, Nixon Ball and C. L. Young, the petitioner.

NOTES WERE HELD AS COLLATERAL SECURITY

The notes were delivered to the bank with the understanding that they were to be held as collateral security for all amounts then due the bank, or which it might advance in the future until it had been notified by the indorsers otherwise. Subsequent to the bankruptcy, Young paid one of the \$5,000 notes, and about it there is no controversy. Subsequent to the bankruptcy, however, and after the receivers had tendered their claim for proof and allowance against the bankrupt's estate, Young took up the second note, and is now in possession of it, marked paid.

Controversy has arisen between the receivers and Young as to which should receive the dividend upon the \$5,000 out of the first instalment of the assets. Young wants the referee to reduce the claim of the receivers by \$5,000, and to add that amount to his claim. The receivers object to this, and the referee sustained them. The matter was taken to the United States District Court, which also ruled against Young.

PROHIBITION CASE TO BE HEARD DECEMBER 9

The United States Circuit Court of Appeals yesterday set December 9 as the date for hearing the case of the State of West Virginia against the Adams Express Company. The case involves the applicability of the rigid prohibitory laws of the State to the Webb-Kenyon and Wilson acts, both of which were designed to prevent shipments of liquor from wet to dry territory. The case will be of extreme importance, as the ruling of the court will help the lawmakers of Virginia in shaping its laws for the regulation of shipments after prohibition becomes effective in this State.

COUNCIL CALLED TO ACT ON PINE CAMP RELIEF

Emergency Appropriation Expected to Be Adopted Without Opposition.

CITY PLANNING ORDINANCE

In Lieu of Pileher's Plan, Finance Committee May Accept Mayor Ainslie's Suggestion of Bringing Municipal Exhibit Here.

A special meeting of the Common Council will be held to-morrow night at 8 o'clock, when action will be taken on certain financial legislation passed by the Board of Aldermen. It is probable that the Council will pass upon the report of the Finance Committee for the relief of Pine Camp and for the first payment of \$27,500 on the debt of the city to the Counties of Chesterfield and Henrico for school buildings, which amounts to \$295,000, at 6 per cent interest, less nearly \$15,000, assumed by the counties. Other matters concerning the city's obligations resulting from annexation will also come up and be acted upon.

The Finance Committee is also called for to-morrow night, when it will take up the ordinance offered by Councilman Pileher that \$15,000 be appropriated for the hiring of city planning expert or experts. The attitude of the committee towards this proposed ordinance is regarded as doubtful, as Mayor Ainslie thinks it better for the city to learn something more about city planning and its cost before making an appropriation.

MAY ADOPT SUGGESTION OF MAYOR AINSLIE

In lieu of this ordinance, the committee may be asked to appropriate \$450 to bring the city planning exhibit of the Bureau of American Municipalities to Richmond, and then, if some definite plan for improving the city be decided upon, the City Council will be asked to make the needed appropriation.

The committee will also take up the proposition to appropriate money for the establishment of a municipal employment bureau at a cost of \$2,800 a year.

The Committee on Ordinances will meet at 8:30 o'clock to take up the question whether the incoming tenant shall pay the outgoing tenant's gas bill, if the latter has neglected to do so, or whether the bill shall remain as at present, a claim against the property owner.

The Committee on Claims will meet Tuesday night at 8 o'clock, and the
